### Hunting areas:

The best hunting areas for selection are **Voden, Palamara and Cherni Lom**, in the northeastern part of Bulgaria. They are all flat, covered partly with forest partly with corn fields. On some places the terrain is hilly, from 125 to 486 m above sea level. The hunting area Voden is 15.000 ha big, Cherni Lom is more bigger - 130 000 ha and the smallest one is Palamara - 7.500 ha. The nearest airport to the hunting areas is Varna – about 2,5 hours cardriving.
